THUAN HUY HA, pro se defendant

I.STATEMENT OF FACTS

The case revolved around the monies that the government charged defendant Ha, owner of Ha Pharmacy, N.A.B.P. number 0570172, located in Garden Grove, California, obtained from pharmacy benefit management companies including Ecked, RxAmerica, United Provider Service, Aetna, Caremark, BlueCross, Advance PCS, BlueShield ("PBM"), under false billing claims submitted to these alleged victims PBM, though, NOT based on the actual evidence of billing record from these alleged victims PBM, but on the computer printouts Exhibits 3&8,4,9, 1,2,5,6,7 respectively with PBM above, created by FBI agent Vieley,

1. The Actual Evidence Of Billing Record From Alleged Victims PBM Was Not Only Withheld, But Tampered With

Jury trial commenced on February 24,2004. To prove its case, on February 25, and March 9 of 2004, FBI agent Vickey Vieley testified that she received the actual evidence of billing record in both forms: the hard copy along with the computer diskette from alleged victims PBM (REPORTER'S TRANSCRIPT (RT);2/25/04;74,81,86,89; 3/9/04;149,152,155,157,161 respectively with PBM above).

The government never presented to the jury the actual evidence of billing record from alleged victims PBM, which was already available in the hard copy form FBI agent Vieley received from these alleged victims PBM. Instead, the government presented to the jury FBI agent Vieley's own created billing record version - the computer printouts Exhibits 3&8,4,9,1,2,5,6,7 respectively with PBM above (RT;2/25/04;74-92; 3/9/04;149-162).

On direct, FBI agent Vieley testified that, she created all her Exhibits 3&8,4,9,1,2,5,6,7 in the "same manner", "same rationale" from her personal computer database: after she selected only certain data fields of the actual evidence of billing record she received from alleged victims PBM, she added her own titles on the top, her own total amount paid on the bottom, then she printed out her Exhibits 3&8,4,9,1,2,5,6,7 with the new current billing record dates of "2-13-2004". The rest data fields of the actual evidence of billing record FBI agent Vieley received from alleged victims PBM were left out as FBI agent Vieley claimed "not really important" to her Exhibits 3&8,4,9,1,2,5,6,7 she created, and as the counsel for the government, Mr. Lawrence Kole AUSA, claimed "not necessary to identify":

- "It really wasn't important to our investigation, and they become so voluminous that I can't work the - - spreadsheets get so big and the writing gets so little that I can't see it" (RT;2/25/04;82).
- "Just for space, and it was redundancy" "too wide to fit on the page" (RT;2/25/04;87).
- "Because it just - - there's too many fields that I can't put them all on one page and I don't need them all for my reports" (RT;2/25/04;90).
- "No. I omitted several fields because they were so large" (RT;3/9/04;149).
- "Items that you chose not to include ones that were not really necessary to identify particular prescription and who supposedly got it" (RT;3/9/04;150).
- "extra information wasn't necessary to identify the particular prescriptions that were presented here" (RT;3/9/04;153).

- "make that decision in the same manner; leaving out items that you felt were not necessary to identify particular prescriptions on this document"  
(RT;3/9/04;156).
- "here, as with others, just omit items that were not necessary to identify; such as the dates, the drugs, the doctors, patients"  
(RT;3/9/04;158).
- "make that decision using the same rationale that we've gone already on the other printouts"  
(RT;3/9/04;161).

On cross-examination, FBI agent Vieley testified that, the data fields of the actual evidence of billing record from alleged victims PBM she left out were:

Q. What were the fields that you left out?

A. I left out N.A.B.P. number. I would leave out ...  
(RT;2/25/04;136).

2. The Actual Evidence Of Billing Record From Alleged Victims PBM Was Received From Department Of Justice

On June 6,2009, under Freedom of Information/Privacy Act of 1974, defendant Ha requested from DOJ the actual evidence of billing record from alleged victims PBM that FBI agent Vieley received in the hard copy form along with the diskette.

On June 8,2010, DOJ released the 40 pages of the actual evidence of billing record from alleged victims PBM defendant Ha requested (Please See Attach Documents).

II.  
ARGUMENT

Defendant Ha contends that the jury verdict against defendant Ha must result in a reversal since the government not only withheld, but tampered with the actual evidence of billing record from alleged victims PBM to create false evidence of billing record - the computer printouts Exhibits 3&8,4,9,1,2,5,6,7 against Ha Pharmacy to prosecute defendant Ha which blatantly violated defendant Ha's due process right.

STANDARD OF REVIEW

- 1) "Due process requires that, the government disclose material evidence favorable to defendant, suppression of that evidence by prosecution will result in a reversal of the conviction."  
(Brady v. Maryland, 10 L.Ed.2d 215, 373 US 83 (1963))
- 2) "Judgment of conviction was invalid for violation of the Fourteenth Amendment, because it was obtained by the knowing use of false evidence."  
(Miller v. Pate, 17 L.Ed.2d 690, 386 US 1 (1967))

Since the actual evidence of billing record from alleged victims PBM never have been presented to the jury, the jury throughout the trial, never saw and never knew what the actual content of the actual evidence of billing record from alleged victims PBM was. The only evidence of billing record the jury saw and knew was the computer printouts Exhibits 3&8,4,9,1,2,5,6,7 created by FBI agent Vieley with the conclusory foundation established by FBI agent Vieley herself and the counsel for the government on direct; such as:

Q. At some point, did you make a comparison between the actual printout, that is Exhibit 3, and the computer-readable data that Eckerd gave to you?

A. Yes, I did.

Q. What did you find?

A. I found that the numbers matched, total dollar amounts matched.

Q. And the data appeared to be the same?

A. Appeared to be the same, Yes.

(RT;2/25/04;77).

Q. In the upper left-hand corner, does it indicate some information about what this document is and what is contained in it?

A. Yes.

Q. What does it say?

A. It says, "REPORT, HA PHARMACYS CLAIMS ITS CLIENTS ALL.  
TIME: NOVEMBER 1,1997, THROUGH MAY 31 OF 2000,  
FOR N.A.B.P. NUMBER 0570172."

Q. And did you ever have occasion to learn what -- to what entity that N.A.B.P. number was assigned?

A. It was assigned to HA PHARMACY.

Q. What data fields or data elements are contained in this data?

A. ...

quantity, day supply, check number, post date, total amount due, and the status of the check, status.

Q. And in the status column, there is a letter "P."

Does that refer to it being paid?

A. That's -- Yes. That's what I was told.

(RT;2/25/04;78-79).

Q. If the entity gave you data that did not have a sum at the end, what did you do?

A. I would just sum the total just to find out what dollar was paid.

(RT;2/25/04;80).

Q. When you received the data from Eckerd and got a hard copy, did that hard copy have a date in a similar position to this on it?

A. I guess. I believe it did.

Q. It was a different date from this?

A. Yes, It was.

But Eckerd may not have had a date. I can't recall specifically.

(RT;2/25/04;83-84).

However, first, the 40 pages of actual evidence of billing record from alleged victims PBM defendant Ha received from Department of Justice (DOJ) does not indicate any payment have been made to Ha Pharmacy since there is no title, no total amount submitted, no total amount paid, no billing record date, no check number, no status of the check, no status column with a letter "P." the government referred as "paid".

Second, the 40 pages of the actual evidence of billing record from alleged victims PBM defendant Ha received from DOJ does not indicate total amounts paid of more than 14 million dollars (1,601,527.47 + 148,224.96 + 316,778.92 + 138,346.47 + 7,082,745.55 + 3,938,587.33 + 357,294.37 + 363,881.99 + 182,685.31) as the government claimed in the computer printouts Exhibits 3,8,4,9,1,2, 5,6,7 created by FBI agent Vieley (RT;2/25/04;79,84,89,92; 3/9/04; 152,154,157,160,163).

Third, the 40 pages of the actual evidence of billing record from alleged victims PBM defendant Ha received from DOJ, in fact, does not belong to Ha Pharmacy N.A.B.P. number 0570172, but to the pharmacy N.A.B.P number 055554.

Clearly, the government does not have the actual evidence of billing record against Ha Pharmacy from alleged victims PBM at all.

Thus, in order for the government to have evidence of billing record against Ha Pharmacy to present to the jury, FBI agent Vieley tampered with the actual evidence of billing record she received from alleged victims PBM to create her own billing record version - the computer printouts Exhibits 3,8,4,9,1,2,5,6,7 by: leaving out the data field N.A.B.P. number 055554 as she claimed "not really important" to her investigation, and as the counsel for the government claimed "not necessary to identify"; adding her own titles on top with N.A.B.P. number 0570172 to which she claimed "It was assigned to Ha Pharmacy"; adding her own letter "P." in the status column she referred as paid "That's - - Yes. That's what I was told"; adding her own total amounts paid over 14 million dollars

on bottom as she stated "I would just sum the total just to find out what dollar was paid"; then printed out with the current billing record dates of "2-13-2004" from her personal computer. Obviously, with the actual evidence of billing record from alleged victims PBM was withheld from the jury, the government freely testified that "the data appeared to be the same".

Clearly, FBI agent Vieley's own created billing record version - the computer printouts Exhibits 3,8,4,9,1,2,5,6,7 were created in the way of altering the actual evidence of billing record from alleged victims PBM, which boldly violated defendant Ha's due process right, is the false evidence of billing record.

In light of the fact that, with the actual evidence of billing record from alleged victims PBM was withheld from the jury, the jury verdict against defendant Ha was totally rested on FBI agent Vieley's false evidence of billing record - the computer printouts Exhibits 3,8,4,9,1,2,5,6,7 created in violation of defendant Ha's due process right, therefore, under 'Brady' and 'Miller', the jury verdict against defendant Ha must result in a reversal due to prejudice.
